

UAT Test Scenarios

Project Name: Automated Interview Scheduling System (AISS)

Prepared By: Dev Mohan Sharma

Objective

To verify that the developed system meets the **Business Requirements** defined in the BRD and **Functional Requirements** defined in the FRD before Go-Live.

Scenario A: Availability & Scheduling

Focus: Ensuring the *Engineering Department* bottleneck is fixed

TC ID	Test Scenario	Test Steps	Expected Result	Status
UAT-01	Verify Busy Slots are Hidden	<ol style="list-style-type: none">Log in as an Engineering Manager.Block calendar: “Client Call” at 10:00 AM today.Log in as a Recruiter.Generate booking link for that slot.	The 10:00 AM slot should be greyed out or invisible to the candidate.	Pass / Fail
UAT-02	Verify Buffer Time Logic	<ol style="list-style-type: none">Schedule an interview for a Hiring Manager at 10:00 AM (ends 10:30 AM).Try to book a candidate slot for that Manager at 10:30 AM.	The system must block the 10:30 AM slot automatically (per FR-02).	Pass / Fail
UAT-03	Verify Time Zone Conversion	<ol style="list-style-type: none">Set Recruiter calendar to IST (India).Generate link for a Candidate in a	The Candidate should see the slots in GMT/London time, but the invite must be generated in IST.	Pass / Fail

TC ID	Test Scenario	Test Steps	Expected Result	Status
	Verify Candidate Booking in different time zone (e.g., London).			

Scenario B: Link Management

Focus: Ensuring security and expiry

TC ID	Test Scenario	Test Steps	Expected Result	Status
UAT-04	Verify Link Expiry (48 Hours)	1. Generate a booking link. 2. Wait 48 hours. 3. Click the link as a Candidate.	The user must be redirected to a “Link Expired” page with recruiter contact info (per FR-05).	Pass / Fail
UAT-05	Verify One-Time Use	1. Candidate A clicks the link and books a 2:00 PM slot. 2. Candidate B (different email) tries to book the 2:00 PM slot.	The system must show “Slot Unavailable” to Candidate B immediately.	Pass / Fail

Scenario C: Notifications & Integration

Focus: Automating the manual work

TC ID	Test Scenario	Test Steps	Expected Result	Status
UAT-06	Verify Auto-Invite Generation	1. Candidate confirms a slot. 2. Check Recruiter Email. 3. Check Interviewer Email.	Both parties must receive a Calendar Invite (ICS) attached to the email within 1 minute.	Pass / Fail
UAT-07	Verify ATS Status Update	1. Complete a booking. 2. Log into the ATS. 3. Check Candidate Profile.	The candidate status must change to “Interview Scheduled” and the correct Date/Time must be visible (per BR-006).	Pass / Fail
